

Invitation for joining Aalto Venture Programs Summer Course

Aalto Ventures Program is the Entrepreneurial arm of Aalto University in Finland, which is ranked as the 9:th best young university in the world.

Aalto Ventures Program offers you an online summer course, where participants from around the world come together to create multidimensional experiences. During three weeks of intensive teamwork, you will go from an idea to a validated sustainable business concept, learn by doing, and get to know and understand the startup culture. Throughout the course, you will be working efficiently in an internationally distributed team and using various digital, interactive tools, which will ensure a valuable and enjoyable learning process.

The high-quality entrepreneurial course usually cost 1000€ for students outside of Aalto but through the partnership with [Ambitious.Africa](#) students from Africa will be able to join for free.

The participants will be mentored by world-class mentors. Venture Capital experts, experienced serial entrepreneurs, Harvard lecturers and many more.
